SMART SWITCHES FOR A
BRIGHTER FUTURE

COMPANY OVERVIEW

BNB Concepts Pvt. Ltd. is a company having more than three decades of experience in varied Industries like Engineering, Plastics Moulding, Surface Finishing and Food Business.

Kring is the latest offering of this group in the field of Wiring Devices & Accessories.

All our manufacturing processes are in house under one roof.

Our in house test lab at Kring confirms to BIS Standards in all aspects, where routine tests are conducted as per guidelines to ensure all products confirm to BIS standards.

At Kring we have a panel of industry experts comprising of renowned Builders, Consultants & Architects from across India and abroad who keep us updated with industry standards and market trends.

KRING

— Feel emPowered! —

Vision

We aim to be the preferred partners in providing innovative solutions in Wiring Devices industry, keeping safety as a top priority.

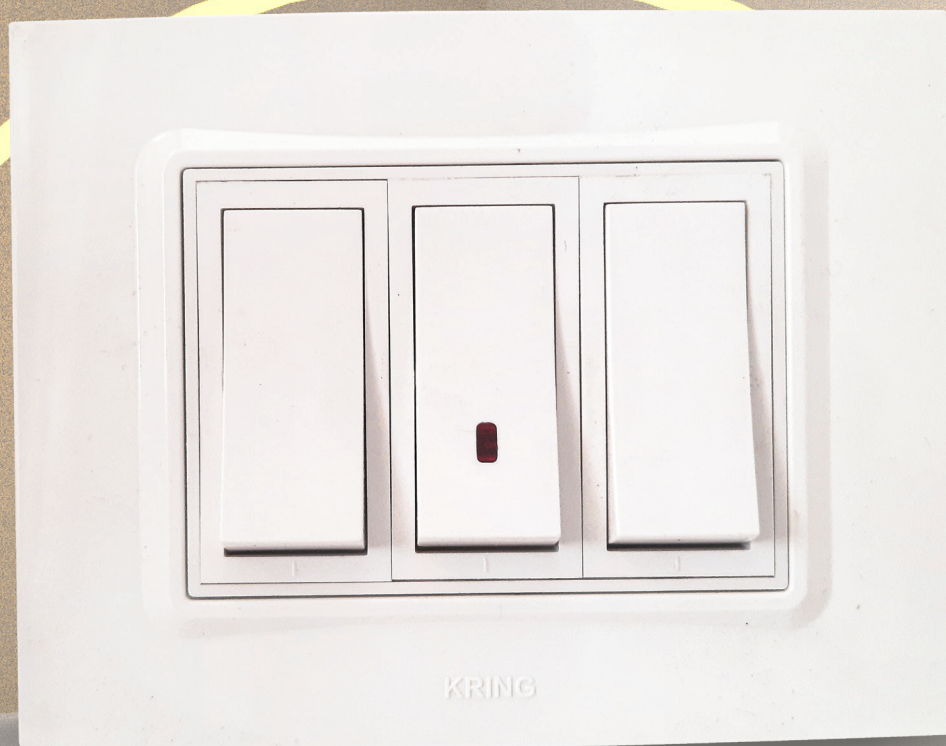

Purpose

To deliver products which give a premium experience and inspire a sense of trust and reliability.

KRING

ONE SWITCH
2,00,000 OPERATIONS

CORE VALUES

Integrity

Acting with honesty, transparency and strong ethics is a priority for everyone representing the organization and thus becomes a foundation for the culture at BNB Concepts Pvt. Ltd.

Innovation

Pursuing the highest quality in products that are unique, purpose driven and functional. Adapting to change and responding to market needs and challenges.

Leadership

Cultivating enthusiasm and encouraging continuous learning, thus developing and supporting strong leaders who inspire and guide others.

Responsible

Giving back to the community in any possible way and promoting positive social impact.

Accountability

Accepting responsibility for our actions (& Inactions) is the ultimate way to build trust within & outside the company.

Empowerment

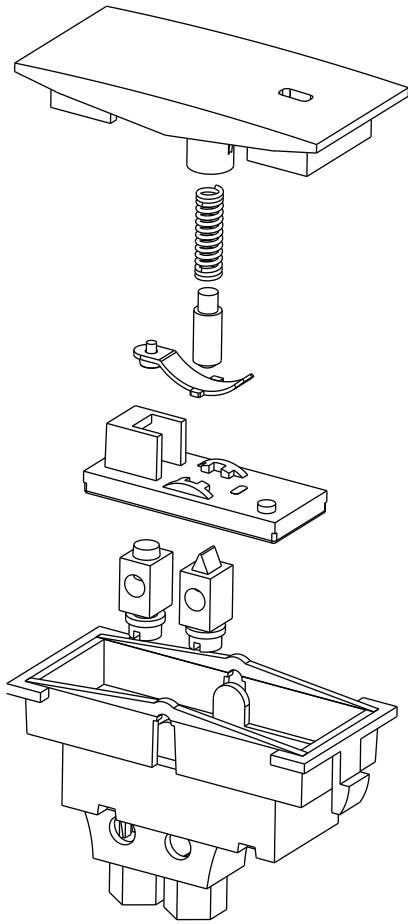

Encouraging people to take initiative and make decisions that drive the company forward. Promoting teamwork, open communication, and cooperation across the organization regardless of their background or position.

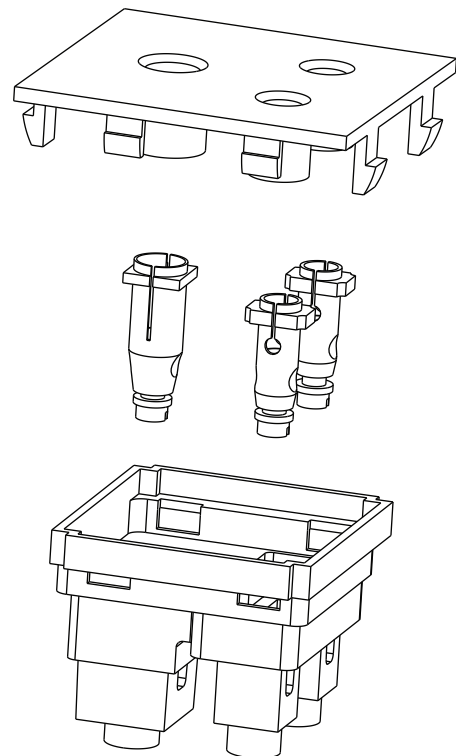

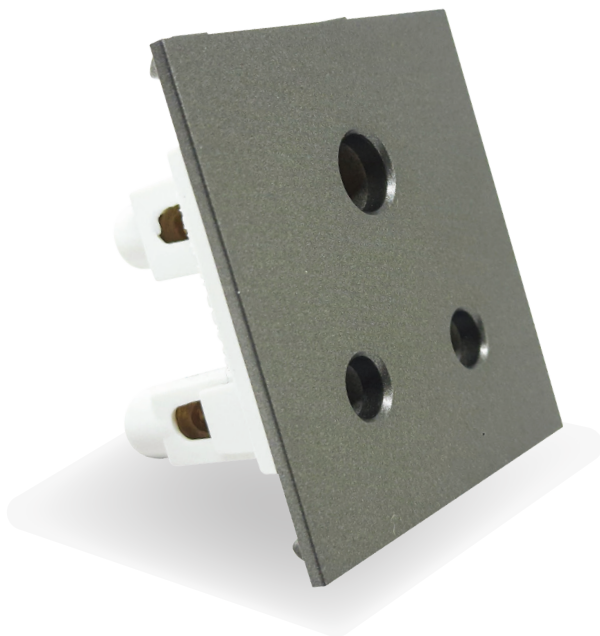

Sustainability

Embracing environmentally responsible practices and working towards long-term success.

OPEN VIEW OF ONE WAY SWITCH

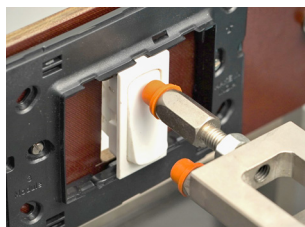

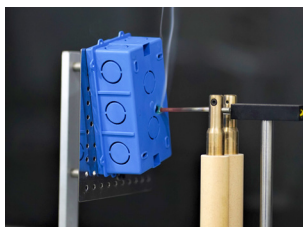

OPEN VIEW OF SOCKET

QUALITY POLICY

With continued Innovation and creativity we are committed to delivering products with high standards of Quality, Reliability and Value Addition.

MANUFACTURING UNIT

Manufacturing plant having 22,000 Sq. Ft shop floor, at Pune is strategically important as we are very well connected to all parts of the country by good road & rail infrastructure and easy access to Ports as well.

Our Injection Moulding setup with state of the art PLC controlled machines and automated material loading system, ensures there is no manual handling of material hence eliminating chances of contamination & ensures quality product.

Our tool room has the latest CNC Machines which ensure top notch precision and quality tools. There is constant interaction between R&D Team to develop products that are innovative & purposeful. 4000 sqft. of assembly area has dedicated lines for switch, socket, accessories & electronic components.
